

The Four As of Amazon Key for Business

AUTHORIZED

Building access is only granted to verified drivers who have a package on their route for that shift, and are present at the building.

ACCURACY

Step-by-step delivery instructions - including pictures - guide drivers to delivery locations (lobby, mail room, etc.) preferred by property management, and improve delivery accuracy by an average of 80%.

ACCOUNTABILITY

Drivers' access time logs are reported to existing access control devices, so property management always knows when and where drivers enter and exit the building.

AT NO CHARGE

Installation and maintenance of Amazon Key are free. And Key for Business eliminates the need for staff to manage deliveries, which helps you save on operating costs.
